Dear Sir:

I received your invitation to the Twenty-fifth Anniversary Commemoration of The Pioneers of Space Technology but was not able to attend as I was out of the country at the time.

I am very honored for having been included in this presentation and appreciate the government's recognition of the engineers and technicians who made the space age possible.

The news of your presentation has evoked many pleasant memories of the excitement we all felt twenty-five years ago. I would like to reinforce these memories by obtaining a list of the people who were honored at your presentation. If it is possible, please send me a list of all the invitees.
